How to Create an Edmodo Student Account

1. Proceed to www.edmodo.com

2. Click the "I'm a Student" button

3. Enter in the Group Code given for your class, a login name, and a password. Giving an email is not necessary unless you think it likely that you'll forget your password. Also, be sure to fill in your real names for the First and Last name category, as that is what I will see in Edmodo.
